

Rifle Scopes

True View SG

True View 22

True View SG has been designed for the Shot Gun Hunter. The 4x32 magnification and IR Reticle give the Hunter quick target acquisition and reliability. The IR has the ability of being adjusted for a brightness that meets the conditions of the hunt.

True View 22 Scopes are perfect for 22 Caliber Rifles. The 1.5-4.5x32 rifle scope comes equipped with rings for mounting on Weaver Bases and the 2-7x32 also comes equipped with rings for mounting to Weaver Rails plus is coated with a moisture resistant lens coating for easy cleaning while shooting in inclement conditions.

All Rifle Scopes are Water Proof and Shock Proof.
